

Bodiography's curriculum is designed to take students on a creative journey through the exploration of movement while maintaining a strong focus on ballet vocabulary and musicality.

Our faculty of college educated dancers with backgrounds in child development offer a safe and pleasurable environment for your child to learn and grow.

Bodiography Summer Mini-Intensive

Artistic Director/Founder Maria Caruso
Assistant Director Kelly Basil

**Bodiography Center for
Movement**

Under the direction of Kelly Basil, students will learn a variety of genres including ballet, modern, and jazz. Students will also study various choreographers and styles, in addition to creating their own choreography.

June 18th– July 6th
 Monday-Friday 9:30am-3:30pm
 Level 3 and up

| Daily Schedule | |
|--|-------------------|
| Pilates/Conditioning - Strengthens core muscles while increasing flexibility and range of motion | 9:30am-10:00am |
| Ballet - A study of classical vocabulary while developing artistry, speed and strength | 10:00am-11:30am |
| Pointe - With an emphasis on proper alignment and technique | 11:30am-12:00pm |
| Rehearsal - A cumulative review of material for stamina and retention | 12:00 pm –12:30pm |
| Lunch - While we watch films of dance through a variety of genres and times periods | 12:30pm-1:15pm |
| Modern/Jazz - To acquire skills in several techniques and styles | 1:15pm-2:30pm |
| Rep/Choreography - A focus is placed on learning choreography in the style and manner of master artists, as well as providing the tools to create your own piece | 2:30pm- 3:30pm |
| Tuition | \$925.00 |

The program culminates with an in-studio performance where the students will display their hard work and talent on the final day of class. The showcase will include classical ballet repertoire, dances from modern and contemporary greats, and our own student choreography. Friends and family are welcome to come and enjoy the show!
